Client approach:

The screenshot shows a PowerPoint presentation window. At the top, there's a video feed of a person named Dhanraj Dhanokar. Below it, the PowerPoint menu bar is visible. The slide title is '3 Step Outbound Method to get your Client'. The main content area has a red heading 'Outbound/Outreach' followed by the text 'You are going to reach Clients'. Below this, there is a bulleted list of four steps.

3 Step Outbound Method to get your Client

Outbound/Outreach

You are going to reach Clients

- Research everything about your target audience/potential clients
- Use LinkedIn to conduct your research
- Use personalized email to reach out your potential clients
- Understand the Number Game

Worst way to approach client:

The slide is titled 'How not to approach your clients' in a large white font on a dark background. Below the title is a large red 'X' mark. Underneath the 'X' are three screenshots of WhatsApp messages, each showing a message request from a contact. The first message says 'Hi' and 'Do u need an editor to edit ur Instagram reel'. The second message says 'Hyy' and 'I want freelance work'. The third message says 'Hey', 'I am a pretty good web dev, and a working professional too', 'I want a few freelancing gigs', and 'Can yiu help me'. Each message request has 'Block', 'Delete', and 'Accept' buttons at the bottom.

How not to approach your clients
